

ANSHUL KAUNDAL

Nadaun, Hamirpur, Himachal Pradesh, India

Email: kaundalanshul725@gmail.com | LinkedIn: linkedin.com/in/anshul-kaundal-18877a328

■ Professional Summary

Aspiring and highly motivated Computer Science student at Himachal Pradesh Technical University with foundational skills in Python, web development, and cloud computing. Proficient in full-stack web technologies, including React.js, Node.js, and JavaScript. Eager to leverage strong problem-solving and coding abilities to contribute to a dynamic team as an SDE intern and gain hands-on industry experience.

■ Education

B.Tech in Computer Science & Engineering

Himachal Pradesh Technical University (HPTU), 2025 – Present (Expected 2027)

Senior Secondary (+2)

Y.M Sr. Sec. School, Bhumpal, Hamirpur – Graduated 2023

Matriculation (10th)

Y.M Sr. Sec. School, Bhumpal, Hamirpur – Graduated 2021

■ Projects

Weather Condition App

- A desktop application to fetch and display real-time weather information.
- Developed a user-friendly GUI using Python.
- Integrated third-party API for real-time weather conditions.
- Utilized Python for backend logic and data processing.

E-Commerce Website

- A full-stack e-commerce platform with a user-friendly interface.
- Frontend: HTML, CSS, JavaScript.
- Backend: Node.js and Express.js for authentication, product management, and orders.
- Database: MySQL for product listings, user accounts, and order history.

■ Experience

Intern – Python & Machine Learning, YBI Foundation (2025)

- Successfully completed a hands-on internship focused on Python and Machine Learning.
- Practical experience in data preprocessing, visualization, and predictive models.
- Applied Pandas, NumPy, and Scikit-learn to analyze and interpret datasets.

■ Skills

- Programming: Python, C++, C, JavaScript
- Web Development: React.js, Node.js, Express.js, HTML, CSS
- Database: MySQL
- Tools & Platforms: Git, VS Code, Canva, Google Cloud (Basic)
- Machine Learning: Scikit-learn, Pandas, NumPy

■ Certifications & Achievements

- Python & Machine Learning Internship – YBI Foundation
- Active Contributor to college tech events and coding clubs.

■ Interests

- Traveling
- Gaming
- Video Editing
